ABOUT ME

A motivated Computer Science student with hands-on experience in software development and data structures. Skilled in C#, Python, JavaScript, and HTML/CSS, with projects involving management systems and interactive game development. Strong problem-solving skills and a focus on writing clean, efficient code while continuously learning new technologies.

PROJECTS

Hardware Store Management System

[GitHub](#)

C# .NET Framework, WinForms, SQL Server

- Built a C# WinForms application to manage inventory, sales, billing, and employee data for a hardware store.
- Implemented role-based access control for Manager, Salesman, and Cashier roles.
- Integrated database with full CRUD operations, discount logic, and reporting features.

Klondike Solitaire Card Game (Data Structures and Algorithms Project)

[GitHub](#)

JavaScript, HTML5, CSS3

- Developed a fully interactive browser-based Klondike Solitaire game using pure JavaScript with zero external libraries.
- Implemented custom Stack, Queue, and LinkedList data structures for deck management, move tracking, and state handling.
- Built complete gameplay logic including drag-and-drop, draw-3 mechanics, Undo/Redo, scoring, timer, auto-move, and hints.

Pharmacy Management System

[GitHub](#)

C# .NET Framework, WinForms, SQL Server

- Developed a C# WinForms-based Pharmacy Management System to handle medicines, inventory, sales, billing, and customer records.
- Implemented role-based access for Administrator, Pharmacist, and Cashier roles.
- Integrated full database functionality including CRUD operations, expiry tracking, and automated billing.

Forks & Fiction – Restaurant Website

HTML, CSS, JavaScript

- Designed and developed a fully responsive restaurant website with real-time table booking functionality.
- Created an intuitive and visually appealing user interface with interactive features.
- Collaborated in a team environment using Git for version control and followed complete deployment workflows.

SKILLS

Languages	Python, C#, JavaScript, HTML, CSS, MySQL, C++
Frameworks	.NET Framework, WinForms, Node.js
Tools	Git, GitHub

Soft Skills Time Management, Teamwork, Communication, Problem Solving, Leadership

EDUCATION

Bachelor of Science in Computer Science

University of Engineering and Technology (UET), Lahore

Expected 2028

CGPA: 3.7/4.0
